

Project title: Empowering of women and Youth in achieving Horticulture Milestone

Project details

Country: Kenya

Key activity: Training

Starting date: 01-05-2017

Ending date: 31-03-2018

Partners: -

Financed by: Nuffic

Description of the project

Training of Trainers.

Type of activities carried out

Training of Trainers (TOTs) who will be in a position to train other farmers on good crop management skills after completion. All trainings will be practical oriented and will be done on the demonstration site. A field day will be organised before the end of the project to help and showcase the best crop management practises learned on greenhouse tomato production.
